

# TITAN™

## TD80

### LASER DISTANCE METER

*The TD80 Laser Distance Meter is small and compact. Designed to fit in your hand perfectly, it is easy to use with intuitive measurement function.*

#### DATA SPECIFICATION

Measuring Range	0.05-80m
Measurement Accuracy	±2mm
Laser Grade	Class 2M II
Laser Type	620-690nm, <1mW
Area, Volume, Pythagorean Theorem Measurement	Yes
Addition and Subtraction	Yes
Tracking Measurement	Yes
Maximum and Minimum Measurements	Yes
Angle	±45°
VIN Reverse Display Screen	Yes
Data Clearing	Yes
Data Storage	99
Dust and Water Splash	IP54
Operating Temperature	-10°C to 40°C
Storage Temperature	-20°C to 70°C
Battery Life	5000 to 8000 measurements
Laser Auto-off	30 seconds
Sleep Timer	3 minutes
Weight	94g
Dimensions	117 x 53 x 27mm
